

# SmartZonePLUS-MC

## Commercial & Residential HVAC Expandable Zoning System up to 33 Zones

**ECOJAY SmartZone** Controllers feature the latest and most advanced zone controls available in their class and are designed to deliver reliable operation for years. The **ECOJAY SmartZonePLUS** family features simple expandability up to 33 zones by adding any mix of SmartZonePLUS one and four zone expander boards to a single Main Controller (MC). The **MC** (Main Controller) operates the equipment and one zone (ZONE1).

SmartZonePLUS integrates residential and commercial grade controls into the SmartZonePLUS-MC for maximum flexibility and optimum control when needed. Convenient timesaving screwless wiring terminals, push button/dipswitch panels and full function color system display simplify installation and troubleshooting.

**Ecojay's SmartZonePLUS Economy** feature enables users to conveniently switch individual zones or the entire System into ECONOMY MODE.

### PLUS Features

- UP to 33 Zones
- Configurable Balance points for Heat Pump Aux Heat and Compressor (outdoor temp sensor required)
- Humidity Control from Zone 1 Thermostat
- Adaptive Opposing Call Changeover
- Adjustable Time/Temperature FRESH AIR Damper Control (Minutes per Hour with Outdoor temperature limits (with optional Outdoor Air Sensor))
- Intelligent 2 cool, 3 heat, time/temp staging or ZONE 1 thermostat
- Monitors # of calls for cool and heat, total zones, minutes before changeover, outdoor air temp, supply air temp, limit settings, purge, fresh air & equipment mode from the SmartZonePLUS-MC
- Smart Limit Control™ (SLC) protects compressor from short cycling and low temp, and heat exchanger hi temp

### Easy Installation & Configuration

- Heat Pump, Dual Fuel and Gas/Electric Systems
- 3-Stage Heating and 2-Stage Cooling Equipment
- Quick-Connect Screwless Terminals
- Simple pushbutton and dipswitch configuration
- Monitor entire system from SmartZone Panel, including Supply Air Temp, Cut-Out, Purge, Delay and Economy
- Color Coded Diagnostic LED Indicators for each Thermostat Input
- Color LED Indicators show damper position (RED=Close, GREEN=Open)

### Economy Features

- ECONOMY Mode built-in to EVERY ZONE
- User can switch between zone control and conventional 'single-thermostat' control
- Smart-Staging (including built-in Dual Fuel)

### Convenient Customer Features

- Automatic Changeover for Maximum Comfort
- Customer never needs access to the SmartZone Panel
- Enable Emergency Heat from Heat Pump Thermostat
- Energize Fan from any Thermostat
- Superior 5-Year Limited Factory Warranty

## SmartZonePLUS-MC (Main Controller)

**DIGITAL DISPLAY**  
SYSTEM & COMM STATUS, SUPPLY & OUTDOOR TEMP, DIAGNOSTIC INFO

**SIMPLE SETUP**  
Pushbuttons for Temp Limits, Thermostat Setup, Humidity, Fresh Air & Balance Points

**USE ANY THERMOSTAT**  
HEAT PUMP OR GAS/ELECTRIC Single Stage, Two Stage & Humidity

**LED Status Lights**  
QUICKLY indicate Thermostat Calls

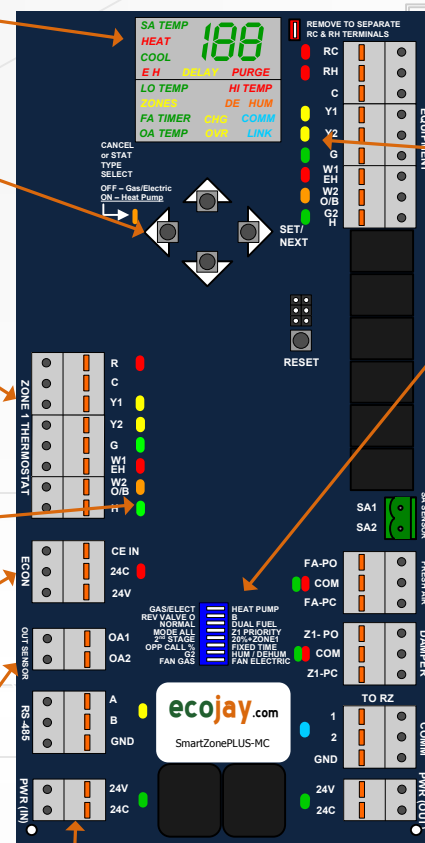

**ECONOMY INPUT**  
Easy System Setback

**Outdoor Temperature**

24VAC Terminal with LED indicator

See SmartZonePLUS E1/E4 Spec Sheet for adding zones to the SmartZonePLUS-MC

**CONTROL EQUIPMENT up to**  
2-STAGE Cooling  
3-STAGE Heating  
2-SPEED Fan  
Humidity

**LED Status Lights**  
QUICKLY indicate Equipment Calls & Equipment Transformer

**HEAT PUMP or GAS/ELECTRIC SYSTEMS**  
DUAL FUEL CAPABILITY Including Settable Balance Points

**SUPPLY AIR TEMP SENSOR** with plug-in connector INCLUDED

**Adjustable Time/Temp FRESH AIR CONTROL**

**2-WIRE DAMPERS** (POWER CLOSE/SPRING OPEN) and **3-WIRE DAMPERS** (POWER OPEN/POWER CLOSE) 2-Color LEDs Indicate Damper position

**COMMUNICATION and POWER TERMINALS** for connecting additional Zones (E1 & E4)

**ecojay SmartZone, the SMART choice.**

### Included with SmartZonePLUS-MC

- Plastic Enclosure with wire knockouts and multiple mounting options
- Supply Air Temperature Sensor Probe
- SmartZonePLUS Install Guide
- Superior 5-Year Limited Factory Warranty
